Teachers Scheme - Phase V

Please be aware that Acorn will be re-launching the Teachers Scheme at the end of October 1991. Further details will be sent in due course.

PC Emulator 1.7

Acorn is releasing a new version of PC Emulator, version 1.7, product code AKA44. This new emulator will run on the A5000 as well as the other RISC OS computers. Please be aware that the current version, 1.6, AKA43 id not compatible with the A5000.

Apart from running on the new hardware of the A5000, version 1.7 incorporates a few minor enhancements and will replace AKA43. An upgrade path is also available and further details will follow shortly. Prices remain the same as previous versions of PC Emulators and the product will be in stock week commencing 21st October 1991.

Yours faithfully

Tracy Bottomley
