SALES NEWS Issue 76

5th July 1993

Dear Dealer

A540/R260 Production

Both the Acorn A540 and R260 computers are moving out of production. Whilst they have not yet been withdrawn from the official price list, it is unlikely that Acorn will be able to supply these products in the future. As can be expected, support for these machines will continue.

Sales News issue 75

With reference to the recent Sales News issue 75, I am afraid that the incorrect product code was quoted for the Class Pack of 11 Acorn Schedule. The correct code is AHA11 and not AKA11 as originally quoted.

Yours faithfully

Tracy Bottomley
Tele-Sales Supervisor

Acorn
